

For our in-sourced studios, at a client's locations we are looking for a:

Freelance Artwork Designer

Tasks and responsibilities

- (Adjusting and processing) design and creative / adapting concepts in close cooperation with the creative- and design teams
- Based on concepts or visual direction, you'll be working to develop, execute and deliver assets and unique content used for e-commerce, marketing programs, customer loyalty programs, brochures, POS and advertising.

About YOU

- You're a responsible team player
- You have a detailed eye with exceptional typography skills and creative flair to proactively offer innovative (but workable) design solutions
- You'll combine your creativity with technical competency, accuracy and a faultless attention to detail.
- Preferable experience in a fast-paced, high-traffic, creative studio, working on fashion retail clients
- Preferable experience in print production process
- You're experienced in:
 - o Adobe Creative Suite / Cloud (InDesign, Illustrator and Photoshop)
 - o Keynote, PowerPoint
 - o Adobe After Effects for creating simple animated graphics and titles
 - o 3DS-Max

Since our clients are most international, English is the working and most common language.
